

OFFICIALS CODE OF ETHICS

from "National Alliance for Youth Sports"

I hereby pledge to live up to my certification as an Official by following the Officials Code of Ethics.

I will encourage good sportsmanship by demonstrating positive support of all players, coaches, fellow officials and league administrators at all times.

I will ensure that I am knowledgeable of the rules of each sport I officiate, and apply those rules fairly to all participants, teams and coaches.

I will not allow personal friendships and associations to influence my decisions during a contest.

I will refrain from the use of tobacco and alcohol products when in the youth sports environment.

I will remember that youth sports provide an opportunity for children to learn and have fun and I will place their safety above all else.

I will remember to help keep our park clean by picking up all my trash from around the backstop area and remind players to keep the dugouts clean and free of trash.

The Claremore Parks and Recreation Department support all youth sports in Claremore. The Rogers County Baseball Association (RCBA), the Claremore Soccer Club (CSC), and the Claremore Girls Softball Association (CGSA), work in harmony with the City of Claremore in the use of city facilities and services. We hope the officials will join with all concerned to make this year's program a memorable experience for the kids.
