

CITY OF CLAREMORE

Solar Energy Information

City Ordinances and Regulations

The City of Claremore retains the ability and right to provide utilities to its residents. The provision of these services are not subject to Oklahoma Corporation Commission (OAC) regulation. The City is not obligated to abide by any statutes or OAC provisions that require it to buy back excess solar energy produced.

Ordinance-Section 50.17(E) states:

The City of Claremore does not purchase excess solar energy generated by the customer's generating facility.
